

ShurTwine Roundbaler - Sisal

Round Bale Twine Technology Specs

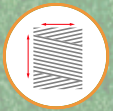

► **Length is not just a detail.**
Committed AG ensure for its Round Bale Twines reliable and consistent performance and a longer spool length, which is clearly stated in the label.

► **UV protected.**
All Committed AG Round Bale Twines are tested for years in the North American conditions in order to guarantee perfect functionality and longer product life span.

► **Fully Tested.**
Round Bale twine range fully validated by all the Major Baler Producers.

► **Perfect shaped spools.**
Committed AG twine packs are checked to ensure correct shape, measurements to fit easily into the baler box and a perfectly round core.

► **Fibrillation.**
Round Bale Twines by Committed AG are treated with a special fibrillation technique which gives particular softness and knot holding.

ShurTwine 110 baling twine is a premium, high quality round baling twine that has been synonymous with round baling in Canada for many years.

ShurTwine 110 encompasses both strength and a long-running length per spool, which makes it the best choice for the Round Bale market.

ShurTwine 110 is designed for use in all old and modern conventional round balers and is specified for both the Contractor and Farmer/End-user for use in crops types such as; Pasture, Cereal, Straw and Silage.
