# WESTERN RAWHIDE

## ME+ Exclusive Technology

► **Higher Specific Strength**  
ME+ technology gives the threads an incredibly superior Specific Strength: perfect protection of the forage over time.

► **Thicker & Stronger chains**  
Novatex ME+ mesh is made of stronger and thicker threads, ensuring higher strength and more ability to withstand repetitive handling.

► **Better cling on the crops**  
The ME+ Tech ensures optimal cling on the crops. Thanks to the wider angle of the weft, the ME net wraps hook up fast and easily.

► **Mesh with fewer knots**  
Knots are the critical points of any thread. Novatex ME+ net-wraps have half the number of knots with respect to standard net wraps.

► **Eco Friendly**  
The proven increase in strength of Novatex ME+ nets has allowed a significant reduction in the use of plastic while maintaining the highest standards available.

Western Rawhide™ sets the new standard for quality, performance, and roll consistency, with our line of net wrap. Proven time and time again, our net wrap is your worry-free solution to a well-made bale. Manufactured for use in almost every baler on the market.

## WESTERN RAWHIDE

- UV Stabilized
- Less knots per mesh
- Left/Right indicator
- Red End of Roll Indicator
- Roll Cradles
- Roll Handles
- Rolls Weighed for Length Accuracy

“

Western Rawhide is the best companion for every baler.
